# SAFETY FOR ALL

Services for Youth & Individuals with Disabilities

Feeling unsafe in a relationship, at school or at home?

Not sure if a friendship or relationship is healthy?

Harmed by someone close to you?

Just want someone to talk to?

## YOU HAVE A SAFE PLACE TO GO FOR EMOTIONAL & SOCIAL SUPPORT

### PEER SUPPORT GROUP

Safety for All Peer Support groups provide a safe space for individuals with disabilities to talk with peers about friendships and relationships. The weekly group focuses on personal life skills, safe and healthy relationships and connections. All ages welcome in person or on Zoom.

### INDIVIDUAL ADVOCACY

Our Safety for All Advocates are here for you to provide immediate and short-term crisis counseling, emotional support, safety planning, Order of Protection assistance, information on Victims' Rights and victim compensation and resource connections. When you reach out to BLOOM365, our advocates will listen without judgment and with empathy, validate your experiences and abilities, encourage you and if requested, link you to additional help.

### CASE MANAGEMENT

Need help coordinating additional supports, resource connections to meet basic needs, or transportation to peer support activities? Our Safety for All Case Manager is ready to help!

### TRAUMA COUNSELING

Counselors provide a safe space to process feelings and emotions for individuals with disabilities who have experienced verbal, emotional, physical or sexual abuse. Counseling services help to reduce fear, improve coping and self-care skills, promote healing, and enhance safety.

FREE &  
CONFIDENTIAL
